

A new net era with Mesh Magic Technology

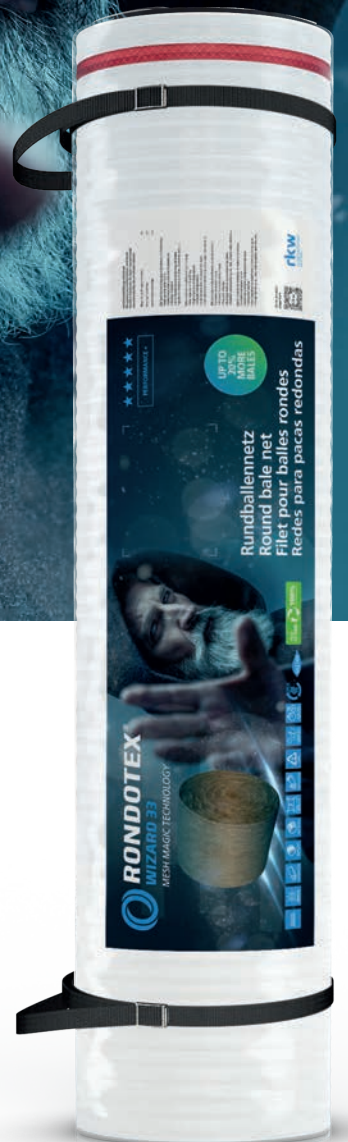

RONDOTEX® WIZARD 33
ROUND BALE NET

Discover magical performance with **the world's only 33 chains round bale net**

Rondotex® Wizard 33 is the new round bale net with our patented Mesh Magic Technology. Benefit from maximum robustness combined with highest sustainability and perfect handling.

- Better bale compression due to an innovative knitting procedure
- Thicker, stronger chains for increased robustness
- Up to 20% more round bales in the same time
- High UV and temperature resistance
- 10% less roll weight and less use of plastic
- Excellent spreading behavior

The golden cut of round bale technology for highest performance

- A maximum robust net based on 33 strong chains
- Specially developed for high density bales with high weight
- Especially suitable for bulky goods such as heavy straw, elephant grass, silage, hay, alfalfa and other long-fibered products
- 10% lighter than standard nets

More sustainability (10% less plastic combined with less rejects/losses and better recycling)

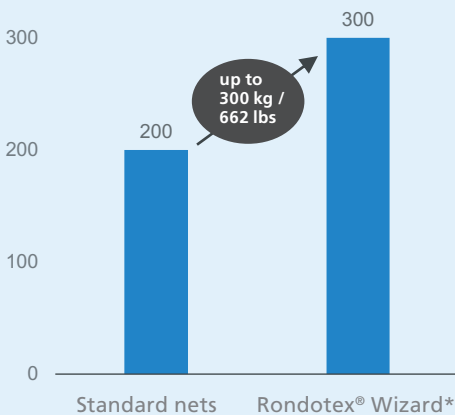

Easy and safe handling

- Maximum stability of the round bales during each step of the process (baling, transportation, storage and further handling of the bales)
- Optimum spreading behavior (Edge-to-Edge performance)
- Perfect running in the baling (perfect cutting, no roller winder, no malfunctions)
- Excellent operational reliability during the baling process
- Easy handling (side & 50 m / 164 ft end marking, handles, spacer)

Up to 20% more round bales in the same time

High tear resistance

One of the most resilient nets even in extreme conditions

* Available in
 1.23 m x 3600 m
 48" x 12.000 ft

All-climate global UV protection
